“ *I never knew that the last time we hugged would be the last time ever. You were my Daddy and I felt safe knowing you were here , now I feel lost and empty and I know my life without you will never be the same. I called you on the phone for every little thing that came up and I know you probably got tired of me sometimes but I you were the only person on earth that loved me unconditionally no matter what ...If I could say a prayer and have you back I would but we all know it just doesn't happen that way .. you were my world and I don't even think you knew .. but I will always be your little girl no matter how old I get .. I love you with every beat of my heart until my dying day. Rest in peace Dad..gone but never forgotten.*
