“ Nick was such a sweet child, him and my son was best friends from head start and all through grade school until Nick moved to Floyd co. and my son started a new school in 6th grade. They was best buddies as they would always say. They was always together playing sports, having sleep overs or playing video games. Nick always had a smile on his face. Iv known His family for most of my life and got to be social friends with his mom and sister. I can't even begin to imagine the pain you all are going through. My heart goes out to each and everyone that loved Nick, especially his parents, sister's, wife and baby boy. May God give you the strength to carry on and treasure each and every memory you have of Nick, his son needs you all more now then ever.

“ I have had the honor of working with Nick at the present time. Nick was such a talented , kind, caring person of everyone. I have watched him grow wiser and put the positive strengths of others in the open for others to see. Nick went above and beyond to help others . Nick was a good person that brightened my day working wirh him and watching his caring attitude. Fly high my friend ! You will always have a place in my heart and mind. You will be greatly missed . The world has lost a kind soul that would have made great changes for others as a social worker. Nick always had a smile for all , and brightened our work family environment . We love you and so sorry for your loss and ours .

“ I very much enjoyed Nick's practicum at AppalReD during his senior year in college. He often accompanied me to court and we exchanged playlists of favorite bands. He showed me pictures of his beautiful wife and son and I know they brought him such joy. I'm so sad his little boy will grow up without him and that he will miss being a parent. The world will miss him being a social worker. We will miss you, Nick.

“ Nick.. was my family, my brother. His family not only welcomed me but with open arms. Nick, Josh Duff & myself, we were almost inseparable when we were younger & into our early 20's. Everyone moved & got married. We did go quite, but never lost contact. I'll be there for your family for the rest of my days on this rock. Rest Easy Nick, I love you & miss you buddy.

“ I did not know Nick very well - we were only acquaintances. We shared a lot of mutual friends, but never had the opportunity to meet. I was recently diagnosed with thyroid cancer and I am only 31 years old. As a result, I made a gofundme site to help with some expenses related to my cancer journey. Nick was not only gracious enough to donate money, but to message me on Facebook and ask if I needed anything else. He did not know me, and did not have to go out of his way to do just that. I think his actions involving me speak volumes to his character - he was willing to help someone he didn't know very well through one of the darkest times in their life. I won't ever forget his generosity.

“ I never got to meet Nick but by following him on fb and talking to his mother regularly I know he was a fine young man and loving husband and father. I'm trying my best to make it to Kentucky for his service but if I can't know that my prayers are with all of you and may you find comfort in the Lord.
