“ Tonia was a dear friend of mine. She was always checking on me to see how I'm doing and that I'm ok. I can't believe she's really gone. She was such a caring person and would give you the shirt off her back and not even think twice about it. She has helped me through the good times and the bad times, I just hope I was as good of a friend to her as she was and will always be to me. She will forever hold a special place in my heart and will never be forgotten. I pray she's watching over me and still making sure I'm doing ok. To all her family... My heart goes out to you all and if there's ever anything I can do please feel free to contact me. Sending love and prayers for all who love and miss this sweet lady. Fly high my friend, fly high }i{
