“ I got to know Tony about 15 years ago. He was one of the hardest working men I knew. I worked with him when he would come up from Texas. He would out work us younger men, he loved old cars, mechanics, and welding. He was always a man of his word, whatever he told you you count on it. He treated people straight forth, and that is how he expected people to treat him. He was a well of knowledge on multiple things. He will be truly missed by many friends and family members.

“ More needs to be said.

Tony, was an extremely intelligent person. And a shrewd businessman. He also was a phenomenal mechanic. A husband. And a father. And a believer in Christ.

I am proud to have been his friend.

“ I met Tony when I was in high school. Always generous with a hand shake and short hello, but always generous. His daughter and I dated through high school and have stayed friends since. Tony always welcomed me into his home and in a sense gave me a piece of my future. I'm now a tattoo artist myself and have been in the tattoo industry for 14 years. In his own way Tony inspired me to follow my dream of becoming a tattooer. I used to look in his shop when I was youngster with Toni and just dream of all the tattoos I would get. I wish I had gotten to say goodbye, but in my own way, I pay respect to him by carrying on the tradition of tattooing. With all my love and respect I'm sad to see him go, and wish his family all the best in life.

“ I met Tony and Kathy about two years, they quickly became friends. My husband and Tony spent many days working on projects they'd cooked up together. I'm so thankful we crossed paths. I wish we could've had that big barbeque/outdoor day that we planned for warm weather but God had other plans for him. I would say Tony was one of a kind but I think my husband was his kindred spirit, so two of a kind sounds better lol. Rest in peace Tony and I will pray for your family always.

“ I met Tony about 35 years ago when I did some cabinet work in his tattoo shop. We hit it off very quickly sharing raceing as a common denominator. It wasn't long before we became very close in our friendship. A harder working man could not be found. If I was ever in need of anything, Tony was there for me even if I didn't ask. He gave everyone a fair chance and I witnessed many works of compassion and caring he put forth to help many a person who crossed his path. He was a provider for his family which he held above all else. His friendship will sorely be missed. His memory will last forever in my mind . Rest in peace Tony.

“ PATRICK, U OL BEAST!!

66 was your number huh; seems too early. I'm sure you had lots of work left to do back east in TUCKY?..You were quite the original: A man's man , a hard working person, a character like no other. I'm inspired by your work ethic, being a self made entrepreneur & above all else a true individual. I know you will be missed very much by Lee Lee & Brent. I'm happy to know you spent your last days with your beloved wife ; your Kathy "Pepper". She misses & loves you dearly old man-

“ *When I met Tony Patrick I was a 6th grade friend of his son Jeremy. Throughout my life when he and his family lived in Dallas, Texas he always showed me love and compassion when I was around. Even as I became an an adult, and going through rough times, when I showed up at his shop with my problems it was still the same love despite my current situation. He always had encouraging words for me no matter what. Tony was a great man and will be missed by many people. Kathy, Jeremy, Jeremy 2, and Toni you are in my prayers. ❤️*
