“ *Vernon and I hadn't seen each other for a few years; but I always thought a lot of him. The first few years that I lived there, he and I went to church together a lot; often traveling to Knott County and other places to church. My favorite memory of Vernon though was his love of politics. Brian Parker and I loved to provoke him and get him fired up on political issues. LOL. I think everyone did him that way at times. But really, he was a great guy that would give anyone the shirt right off his back if they needed it. He will be missed. Our thoughts and prayers are with the family.*

“ In my mind's eye, Vernon is in his mid 30's, strong, a twinkle in his eye and full of life. I can see him and mom together. I never really knew Vernon's wife or children. I am sorry for your loss. I am sad for his leaving this life and I am sad for all the sadness those who loved him are feeling. My thoughts are of and with his brothers and their families and his sister and her family. May you have peace and comfort.
